Los Angeles is criminalizing bike repair

FREE BIKE REPAIR CLINIC
IN FRONT OF LA CITY HALL
200 N. SPRING STREET
JUNE 21ST AT 9:30AM

CALL TO ACTION THIS TUESDAY!

We invite all to join us for a mutual aid bike repair clinic on the front steps of city hall this Tuesday, June 21st from 9:30am- 12pm.

Last week, Los Angeles City Council voted (11-3) to criminalize bike repair. This law is intended to target unhoused people who repair bikes to survive. Criminalizing bike repair is the latest move to criminalize the existence of poor people in Los Angeles.

On Tuesday, City Council will take a final vote to make bike repair a crime. We are calling on all people who ride bikes, repair bikes, and organizations

██████████ is calling for everyone to get to D.C. and show those in power that we will sooner bring the gears of society to a grinding halt through mass nonviolent resistance than allow the right to abortion to be taken away.

As we are present outside of #scotus everyday, we'll protest in solidarity here in #LA on Thursday @ the Federal courthouse at 350 W 1st street at 5 pm.

Even fascist women-haters worry about losing the perceived legitimacy of their institutions and their system when they are faced with truly massive, un-ignorable and unrelenting nonviolent resistance.

And, if even in the face of our determined opposition, the Court still revokes abortion rights, we will be in a far stronger position to continue the struggle for women's freedom for having dared to RISE UP.

The whole world is watching. The future depends on what we do – or fail to do – during these momentous days.

Those behind this assault are counting on our silence.

We must not give it to them.

This amendment will make at least 2,400 new exclusionary sites and over 46 sq miles of the City where it would be illegal to be unhoused. Council can't even articulate what exactly the impact or how it will be enforced.

This isn't about protecting our neighborhoods or reducing unsheltered homelessness. This is about giving power to police and council offices to respond to complaints and avoid accountability for how they continuously contribute to this crisis.
